

ARTICLE 14

Insurance

Section A. State Employee Group Insurance Program (“SEGIP”). During the life of this Agreement, the Employer agrees to offer a Group Insurance Program that includes health, dental, life, and disability coverages equivalent to existing coverages, subject to the provisions of this article.

All insurance eligible employees will be provided with a Summary Plan Description (“SPD”) “Your Employee Benefits”. Such SPD shall be provided no less than biennially and prior to the beginning of the insurance year. New insurance eligible employees shall receive a SPD within thirty (30) days of their date of eligibility.

Section B. Eligibility for Group Participation. This section describes eligibility to participate in the Group Insurance Program.

Subd. 1. Faculty Members - Basic Eligibility. A faculty member may participate in the Group Insurance Program if he/she is employed on the basis of at least fifty percent (50%) of a full-time work assignment for a regular academic year. If an insurance eligible faculty member’s last scheduled day of work (excluding termination for cause) is at the end of the academic year or later, coverage will cease at the completion of the payroll period in which the succeeding academic year commences. If an insurance eligible faculty member is terminated for cause or his/her last scheduled day of work is before the end of the academic year, coverage will cease at the end of the payroll period in which the separation or termination date occurs.

Subd. 2. Faculty Members - Special Eligibility. The following faculty members are also eligible to participate in the Group Insurance Program:

- a. Faculty Members with Work-related Injury/Disability.** A faculty member who was off the State payroll due to a work-related injury or a work-related disability may continue to participate in the Group Insurance Program as long as such a faculty member receives workers’ compensation payments or while the workers’ compensation claim is pending.
- b. Totally Disabled Faculty Members.** Consistent with Minnesota Statutes §62A.148, certain totally disabled faculty members may continue to participate in the Group Insurance Program.
- c. ~~Early Retirement Separated Employees Under M.S. 43A.27.~~** Pursuant to M.S. 43A.27, Subdivision 3a(1), a faculty member who ~~retires~~separates from State service, and who, at the time of separation has five (5) or more years of allowable pension service, and is entitled to immediately receive an annuity under a State retirement program or is immediately eligible to receive a retirement benefit under Chapter 354B, and who is not eligible for regular (non-disability) Medicare coverage, has five (5) or more years of allowable pension service, and is immediately eligible to

~~receive a retirement benefit under Chapter 354B or an annuity under a State retirement program~~ may continue to participate in the health and dental coverages offered through the Group Insurance Program at his/her own expense.

Consistent with Minnesota Statutes §43A.27, Subd. 3a(2), ~~a retired faculty member who receives a retirement benefit under Chapter 354B or an annuity under a State retirement program~~ an employee who separates from State service and who, at the time of separation is at least fifty (50) years of age and has at least fifteen (15) years of State service, may continue to participate in the health and dental coverages offered through the Group Insurance Program at his/her own expense. A spouse of a deceased retired faculty member may continue health and dental coverages through the Group Insurance Program provided the spouse was dependent under the retired member's coverage at the time of the retiree's death and continues to make the required premium payments. Retiree coverage must be coordinated with Medicare.

- d. Sabbatical Leave.** A faculty member eligible to participate in the Group Insurance Program immediately prior to taking a sabbatical leave continues that eligibility during the sabbatical leave.
- e. Adjunct faculty with multiple appointments.** An adjunct faculty member holding separate appointments at different MnSCU institutions shall have such assignments combined for purposes of determining eligibility under Article 14. To be eligible for this benefit, such adjunct faculty members must report any multiple appointments to the human resource office at each reporting institution.

Subd. 3. Dependents. Eligible dependents for purposes of this article are as follows:

- a. Spouse.** The spouse of an eligible faculty member (if legally married under Minnesota law). For the purposes of health insurance coverage, if that spouse works full-time for an organization employing more than one hundred (100) people and elects to receive either credits or cash: (1) in place of health insurance or health coverage, or (2) in addition to a health plan with a seven hundred and fifty dollar (\$750) or greater deductible through his/her employing organization, he/she is not eligible to be a covered dependent for purposes of this article. If both spouses work for the State or another organization participating in the State's Group Insurance Program, neither spouse may be covered as a dependent by the other unless one spouse is not eligible for a full Employer Contribution as defined in Subd. 3.a.

Effective January 1, 2015 if both spouses work for the State or another organization participating in the State's Group Insurance Program, a spouse may be covered as a dependent by the other.

b. Children.

- 1. Health and Dental Coverage:** A dependent child is an eligible faculty member's child to age twenty-six (26).

2. **Dependent Child.** A “dependent child” includes a faculty member’s (1) biological child, (2) child legally adopted by or placed for adoption with the faculty member, (3) step-child, and (4) foster child who has been placed with the faculty member by an authorized placement agency or by a judgment, decree, or other court order. For a step-child to be considered a dependent child, the faculty member must be legally married to the child’s legal parent or legal guardian. A faculty member (or the faculty member’s spouse or jointly) must have permanent, full and sole legal and physical custody of the foster child.
3. **Coverage Under Only One Plan:** For purposes of (a) and (b) above, if the faculty member’s adult child (age 18 to 26) works for the State or another organization participating in the State’s Group Insurance Program, the child may not be covered as a dependent by the faculty member unless the child is not eligible for a full Employer Contribution as defined in Section 3A.

Effective January 1, 2015 for purposes of (1) and (2) above, if the employee’s adult child (age 18 to 26) works for the State or another organization participating in the State’s Group Insurance Program, the child may be covered as a dependent by the employee.

- c. **Grandchildren.** A dependent grandchild is an eligible faculty member’s unmarried dependent grandchild who:
 1. Is financially dependent upon the faculty member for principal support and maintenance and has resided with the faculty member continuously from birth, or
 2. Resides with the faculty member and is dependent upon the faculty member for principal support and maintenance and is the child of the faculty member’s unmarried child (the parent) to age nineteen (19).

If a grandchild is legally adopted or placed in the legal custody of the grandparent, they are covered as a dependent child under Section B, Subd. 3 b (2) and (4).

- d. **Disabled Child.** A disabled dependent child is an eligible faculty member’s child or grandchild regardless of marital status, who was covered and then disabled prior to the limiting age or any other limiting term required for dependent coverage and who continues to be incapable of self-sustaining employment by reason of developmental disability, mental illness or disorder, or physical disability, and is chiefly dependent upon the faculty member for support and maintenance, provided proof of such incapacity and dependency must be furnished to the health carrier by the faculty member or enrollee within thirty one (31) days of the child’s attainment of the limiting age or any other limiting term required for dependent coverage. The disabled dependent is eligible to continue coverage as long as s/he continues to be disabled and dependent, unless coverage terminates under the contract.

- e. **Qualified Medical Child Support Order.** A child who would otherwise meet the eligibility requirements and is required to be covered by a Qualified Medical Child Support Order (QMCSO) is considered an eligible dependent.
- f. **Child Coverage Limited to Coverage Under One Employee.** If both spouses work for the State or another organization participating in the State's Group Insurance Program, either spouse, but not both, may cover the eligible dependent children or grandchildren. This restriction also applies to two divorced, legally separated, or unmarried employees who share legal responsibility for their eligible dependent children or grandchildren.

Subd. 4. Continuation of Coverage. Consistent with state and federal laws, certain faculty members, former faculty members, dependents, and former dependents may continue group health, dental, and/or life coverage at their own expense for a fixed length of time. As of the date of this Agreement, state and federal laws allow certain group coverages to be continued if they would otherwise terminate due to:

- a. Termination of employment (except for gross misconduct);
- b. Layoff;
- c. Reduction of hours to an ineligible status;
- d. Dependent child becoming ineligible due to change in age, student status, marital status, or financial support (in the case of a foster child or stepchild);
- e. Death of faculty member;
- f. Divorce or legal separation;
- g. Covered employee's entitlement to or enrollment in Medicare.

Section C. Eligibility for Employer Contribution. This section describes eligibility for an Employer Contribution toward the cost of coverage.

Subd. 1. Full Employer Contribution - Basic Eligibility. Faculty members covered by this Agreement and appointed for at least seventy-five percent (75%) of the full-time work assignment load for a regular academic year receive the full Employer Contribution. The seventy-five percent (75%) minimum requirement can be satisfied by: (1) a one hundred sixty-eight (168) duty-day contract at seventy-five percent (75%) load; (2) a contract for seventy-five percent (75%) of the 168 duty days at full load; (3) some equivalent combination.

A faculty member initially hired during the academic year on a tenured appointment or a probationary appointment may receive the full Employer Contribution if the appointment is for a minimum of a seventy-five percent (75%) load for the duration of that appointment. A faculty member who, due to a change in assignment during the academic year, becomes eligible under this subdivision for an Employer Contribution shall be eligible on a prospective basis.

Subd. 2. Partial Employer Contribution - Basic Eligibility. Faculty members covered by this Agreement, who hold part-time appointments and who work at least fifty percent (50%), but less than seventy-five percent (75%), of the full-time work assignment load for a regular academic year, receive the full Employer Contribution for basic life coverage, and at the employee's option, a partial Employer Contribution for health and dental coverages. The partial Employer Contribution for health and dental coverages is seventy-five percent (75%) of the full Employer Contribution for both employee only and dependent coverage. A faculty member who, due to a change in assignment during the academic year, becomes eligible under this subdivision for a partial Employer Contribution shall be eligible to participate in the group insurance program on a prospective basis.

Subd. 3. Special Eligibility. The following faculty members also receive an Employer Contribution:

- a. Faculty Members on Layoff. An eligible tenured faculty member who receives an Employer Contribution, who has three (3) or more years of continuous service, and who has been laid off pursuant to the provisions of Article 23 remains eligible for an Employer Contribution and all other benefits provided under this article for twelve (12) consecutive months from the date of layoff.
- b. Work-Related Injury/Disability. A faculty member who receives an Employer Contribution and who is off the State payroll due to a work-related injury or a work-related disability remains eligible for an Employer Contribution as long as such faculty member receives workers' compensation payments. If such faculty member ceases to receive workers' compensation payments for the injury or disability and is granted a disability leave under Article 17, he/she shall be eligible for an Employer Contribution during that leave.
- c. Sabbatical or Educational Leave. A faculty member eligible to participate in the Group Insurance Program immediately prior to taking a sabbatical leave, or an educational leave pursuant to Article 18, continues that eligibility during the sabbatical or educational leave.
- d. Faculty members participating in phased retirement shall be eligible for Employer paid benefits in accordance with Minnesota Statutes §354.66 at the same rate as if they were employed full-time.
- e. Faculty members participating in the Annuitant Employment Program (AEP) shall be eligible for Employer-paid benefits in accordance with Minnesota Statutes §§136F.48 and 354.445 at the same rate as if they were employed full-time.

Subd. 4. Maintaining Eligibility for Employer Contribution.

- a. General. A faculty member who is eligible for the Employer Contribution maintains that eligibility as long as the faculty member meets the Employer Contribution eligibility requirements and appears on a State payroll for at least one (1) full working day during each payroll period. This requirement does not apply to faculty members

who receive an Employer Contribution while on layoff as described in Section C, Subd. 3.a, or while eligible for workers' compensation payments as described in Section C, Subd. 3.b.

- b. Unpaid Leave of Absence. If a faculty member is on an unpaid leave of absence, then sick leave cannot be used for the purpose of maintaining eligibility for an Employer Contribution by keeping the faculty member on a State payroll for one working day per pay period.
- c. Special Leaves. A faculty member on an approved Family Medical Leave Act (FMLA) leave or on a voluntary reduction in hours as provided elsewhere in this Agreement maintains eligibility for an Employer Contribution.

Section D. Amount of Employer Contribution. For faculty members eligible for an Employer Contribution as described in Section C, the amount of the Employer Contribution will be determined as follows beginning on January 1, ~~2012~~2014. The Employer Contribution amounts and rules in effect on June 30, ~~2011~~2013, will continue through December 31, ~~2011~~2013.

Subd. 1. Contribution Formula - Health Coverage.

- a. Faculty Member Coverage. For plan year beginning on January 1, 2014, Ffor faculty member health coverage, the Employer contributes an amount equal to one hundred percent (100%) of the faculty member premium of the Minnesota Advantage Health Plan (Advantage). Beginning on January 1, 2015, for faculty member health coverage, the Employer contributes an amount equal to ninety-five percent (95%) of the employee-only premium of the Minnesota Advantage Health Plan (Advantage).
- b. Dependent Coverage. For dependent health coverage for the ~~2012~~2014 and ~~2013~~2015 plan years, the Employer contributes an amount equal to eighty five percent (85%) of the dependent premium of Advantage.

Subd. 2. Contribution Formula - Dental Coverage.

- a. Faculty Member Coverage. For faculty member dental coverage, the Employer contributes an amount equal to the lesser of ninety percent (90%) of the faculty member premium of the State Dental Plan, or the actual faculty member premium of the dental plan chosen by the faculty member. However, for calendar years beginning January 1, ~~2012~~2014, and January 1, ~~2013~~2015, the minimum employee contribution shall be five dollars (\$5.00) per month.
- b. Dependent Coverage. For dependent dental coverage, the Employer contributes an amount equal to the lesser of fifty percent (50%) of the dependent premium of the State Dental Plan, or the actual dependent premium of the dental plan chosen by the faculty member.

Subd. 3. Contribution Formula - Basic Life Coverage. For faculty members' basic life coverage and accidental death and dismemberment coverage, the Employer contributes one hundred percent (100%) of the cost.

Section E. Coverage Changes and Effective Dates.

Subd. 1. When Coverage May be Chosen.

- a. **Newly Hired Employees.** All faculty members hired to an insurance eligible position must make benefit elections by their initial effective date of coverage as defined in this article, Section E, Sub. 3. Insurance eligible employees will automatically be enrolled in basic life coverage. If faculty members eligible for a full Employer Contribution do not choose a health plan administrator and a primary care clinic by their initial effective date, they will be enrolled in a Benefit Level Two clinic (or Level One, if available) that meets established access standards in the health plan with the largest number of Benefit Level One and Two clinics in the county of the faculty member's residence at the beginning of the insurance year.
- b. **Eligibility Changes.** Faculty members who become eligible for a full Employer Contribution must make their benefit elections within thirty (30) calendar days of becoming eligible. If employees do not choose a health plan administrator and primary care clinic within this thirty (30) day time frame, they will be enrolled in a Benefit Level Two clinic (or Level One, if available) that meets established access standards in the health plan with the largest number of Benefit Level One and Two clinics in the county of the employee's residence at the beginning of the insurance year.

If employees who become eligible for a partial Employer Contribution choose to enroll in insurance, they must do so within thirty (30) days of becoming eligible or during open enrollment.

A faculty member may change his/her health or dental plan if the faculty member changes to a new permanent work or residence location, and the faculty member's current plan is no longer available. If the faculty member has family coverage and if the new residence location is outside of the current plan's service area, the employee shall be permitted to switch to a new plan administrator and new Benefit Level within thirty (30) days of the residence location change. The election change must be due to and correspond with the change in status. A faculty member who receives notification of a work location change between the end of an open enrollment period and the beginning of the next insurance year may change his/her health or dental plan within thirty (30) days of the date of the relocation under the same provisions accorded during the last open enrollment period.

A faculty member may also change health or dental plans in any other situation in which the Employer is required by applicable federal or state laws to allow a plan change.

Subd. 2. When Coverage May be Changed or Cancelled.

- a. Changes Due to a Life Event.** After the initial enrollment period and outside of any open enrollment period an employee may elect to change health or dental coverage (including adding or canceling coverage) and any applicable employee contributions in the following situations (as long as allowed under the applicable provisions, regulations, and rules of the federal and state law in effect at the beginning of the plan year).

The request to change coverage must be consistent with a change in status that qualifies as a life event, and does not include changing health or dental plans, which may only be done under the terms of Section E, Subd. 1, above. Any election to add coverage must be made within thirty (30) days following the event, and any election to cancel coverage must be made within sixty (60) days following the event. (An employee and a retired employee may add dependent health or dental coverage following the birth of a child or dependent grandchild, or following the adoption of a child, without regard to the thirty (30) day limit.) These life events (for both employees and retirees) are:

1. A change in legal marital status, including marriage, death of a spouse, divorce, legal separation and annulment.
2. A change in number of dependents, including birth, death, adoption, and placement for adoption.
3. A change in employment status of the employee, or the employee's or retiree's spouse or dependent, including termination or commencement of employment, a strike or lockout, a commencement of or return from an unpaid leave of absence, a change in worksite, and a change in working conditions (including changing between part-time and full-time or hourly and salary) of the employee, the employee's or retiree's spouse or dependent which results in a change in the benefits they receive under a cafeteria plan or a health or dental plan.
4. A dependent ceasing to satisfy eligibility requirements for coverage due to attainment of age or otherwise no longer meets the eligibility requirements under Section B, Subd. 3.
5. A change in the place of residence of the employee, retiree or their spouse or dependent.
6. Significant cost or coverage changes (including coverage curtailment and the addition of a benefit package).
7. Family Medical Leave Act (FMLA) leave.
8. Judgments, decrees or orders.
9. A change in coverage of a spouse or dependent under another employer's plan.
10. Open enrollment under the plan of another employer.
11. Health Insurance Portability and Accountability Act (HIPAA) special enrollment rights for new dependents and in the case of loss of other insurance coverage.
12. A COBRA-qualifying event.
13. Loss of coverage under the group health plan of a governmental or educational institution (a state's children's health insurance program, medical care program of

an Indian tribal government, State health benefits risk pool, or foreign government group health plan).

14. Entitlement to Medicare or Medicaid.

15. Any other situations in which the group health or dental plan is required by the applicable federal or state law to allow a change in coverage.

- b. **Canceling Dependent Coverage During Open Enrollment.** In addition to the above situations, dependent health or dependent dental coverage may also be canceled for any reason during the open enrollment period that applies to each type of plan (as long as allowed under the applicable provisions, regulations and rules of the federal and state law in effect at the beginning of the plan year).
- c. **Canceling Employee Coverage.** A part-time employee may also cancel employee coverage within sixty (60) days of when one of these same life events occurred.
- d. **Effective Date of Benefit Termination.** Medical, dental and life coverage termination will take effect on the first of the month following the loss of eligible employee or dependent status. Disability benefit coverage terminations will take effect on the day following loss of eligible employee or dependent status.

Subd. 3. Effective Date of Coverage.

a. **Initial Effective Date.** The initial effective date of coverage under the Group Insurance Program is the thirty-fifth day following the faculty member's first day of employment, reemployment, rehire, or reinstatement with the State. The initial effective date of coverage for an employee whose eligibility has changed is the date of the change. A faculty member must be actively at work on the initial effective date of coverage, except that a faculty member who is on paid leave on the date State-paid life insurance benefits increase is also entitled to the increased life insurance coverage. In no event shall a faculty member's dependent's coverage become effective before the faculty member's coverage. If an employee is not actively at work due to employee or dependent health status or medical disability, medical and dental coverage will still take effect. (Life and disability coverage will be delayed until the employee returns to work.)

b. Delay in Coverage Effective Date.

- 1. **Basic Life.** If a faculty member is not actively at work on the initial effective date of coverage, coverage will be effective on the first day of the faculty member's return to work. The effective date of a change in coverage is not delayed in the event that, on the date the coverage change would be effective, a faculty member is on an unpaid leave of absence or layoff.
- 2. **Medical and Dental.** If a faculty member is not actively at work on the initial effective date of coverage due to a reason other than hospitalization or medical disability of the faculty member or dependent, medical and dental coverage will be effective on the first day of the faculty member's return to work. The effective

date of a change in coverage is not delayed in the event that, on the date the coverage change would be effective, a faculty member is on an unpaid leave of absence or layoff.

3. **Optional Life and Disability Coverages.** In order for coverage to become effective, the faculty member must be in active payroll status and not using sick leave on the first day following approval by the insurance company. If it is an open enrollment period, coverage may be applied for but will not become effective until the first day of the faculty member's return to work.

Subd. 4. Open Enrollment.

- a. **Frequency and Duration.** There shall be an open enrollment period for health coverage in each year of this Agreement, and for dental coverage in the first year of this Agreement. Each year of the Agreement, all employees shall have the option to complete a Health Assessment. Open enrollment periods shall last a minimum of fourteen (14) calendar days in each year of the Agreement. Open enrollment changes become effective on January 1 of each year of this Agreement.
- b. **Eligibility to Participate.** A faculty member eligible to participate in the Group Insurance Program, as described in Section B, Subd. 1. and Section B, Subd. 2., may participate in open enrollment. In addition, a person in the following categories may, as allowed in Section E, Subd. 4.a above, make certain changes: (1) a former employee or dependent on continuation coverage, as described in Section B, Subd. 4, may change plans or add coverage for health and/or dental plans on the same basis as active employees; and (2) an early retiree, prior to becoming eligible for Medicare, may change health and/or dental plans as agreed to for active employees, but may not add dependent coverage.
- c. **Materials for Faculty Member Choice.** Each year prior to open enrollment the appointing authority will give eligible faculty members the information necessary to make open enrollment selections. Employees will be provided a statement of their current coverage each year of the contract.

Subd. 5. Coverage Selection Prior to Retirement. A faculty member who retires and is entitled to receive an annuity under a State retirement program may change his/her health or dental plan during the sixty (60) calendar day period immediately preceding the date of retirement. The faculty member may not add dependent coverage during this period. The change takes effect on the first day of the month following the date of retirement.

Section F. Basic Coverages.

Subd. 1. Faculty Member and Family Health Coverage.

- a. **Minnesota Advantage Health Plan (Advantage).** The health coverage portion of the State Employee Group Insurance Program is provided through the Minnesota

Advantage Health Plan (Advantage), a self-insured health plan offering four (4) Benefit Level options. Provider networks and claim administration are provided by multiple plan administrators. Coverage offered through Advantage is determined by Section F, Subd. 1, paragraph b below.

b. Coverage under the Minnesota Advantage Health Plan (Advantage). From July 1, ~~2011~~2013 through December 31, ~~2012~~2013, health coverage under the SEGIP will continue at the level in effect on June 30, ~~2011~~2013. Effective January 1, ~~2013~~2014, Advantage will cover eligible services subject to the copayments, deductibles and coinsurance coverage limits stated. Services provided through Advantage are subject to the managed care procedures and principles, including standards of medical necessity and appropriate practice of the plan administrators. Coverage details are provided in the Advantage Summary of Benefits.

1. Benefit Options. Employees must elect a plan administrator and primary care clinic. Those elections will determine the Benefit Level through Advantage. Enrolled dependents must elect a primary care clinic that is available through the plan administrator chosen by the employee.

i. **Plan Administrator.** Employees must elect a plan administrator during their initial enrollment in Advantage and may change their plan administrator election only during the annual open enrollment and when permitted under Section E. Dependents must be enrolled through the same plan administrator as the employee.

ii. **Benefit Level.** The primary care clinics available through each plan administrator are assigned a Benefit Level. The Benefit Levels are outlined in the benefit chart below. Primary care clinics may be in different Benefit Levels for different plan administrators. Family members may be enrolled in clinics that are in different Benefit Levels. Employees and their dependents may change to clinics in different Benefit Levels during the annual open enrollment. Employees and their dependents may also elect to move to a clinic in a different Benefit Level within the same plan administrator up to two (2) additional times during the plan year. Unless the individual has a referral from his/her primary care clinic, there are no benefits for services received from providers in Benefit Levels that are different from that of the primary care clinic in which the individual has enrolled.

iii. **Primary Care Clinic.** Employees and each of their covered dependents must individually elect a primary care clinic within the network of providers offered by the plan administrator chosen by the employee. Employees and their dependents may elect to change clinics within their clinic's Benefit Level as often as the plan administrator permits and as outlined above.
